And now a word from our sponsors...

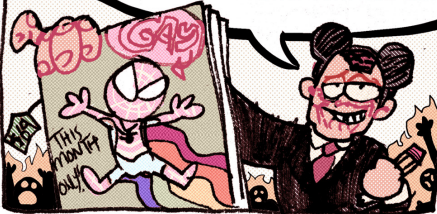

Here at Oscorp, we like to celebrate **Pride** by replacing a downer **RIOT** with a **FUN SHOPPING SPREE**.

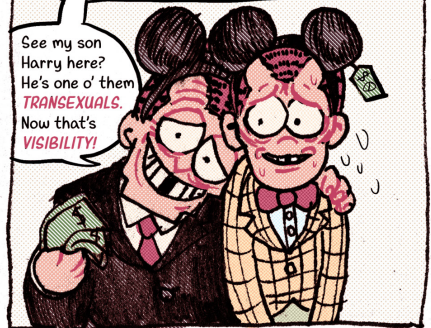

REPRESENTATION MATTERS!

So we'll make one **GAY FAKE CARTOON BACKGROUND CHARACTER**, and kill 'em so we don't have to write 'em again. **REAL GAY HUMAN WORKERS** will be **ABUSED** and **UNDERPAID**!

Then we'll donate our profits **DIRECTLY** to politicians who actively campaign for **HOMOPHOBIC, RACIST, WORLD-DESTROYING SHIT**!

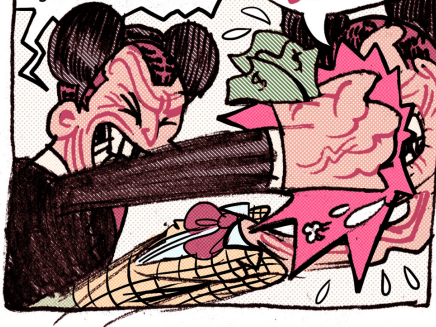

We even added an **"O"** to **O-LGBTQ** for **OSCORP**! Cuz at Oscorp, you queers are like **FAMILY**!

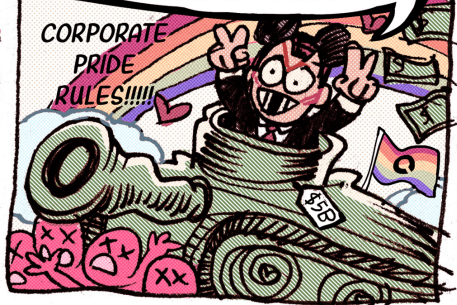

Say **THANK YOU** to corporations for even paying **ATTENTION** to your **PATHETIC ASS**!

THANK YOU DADDY!

Don't forget!

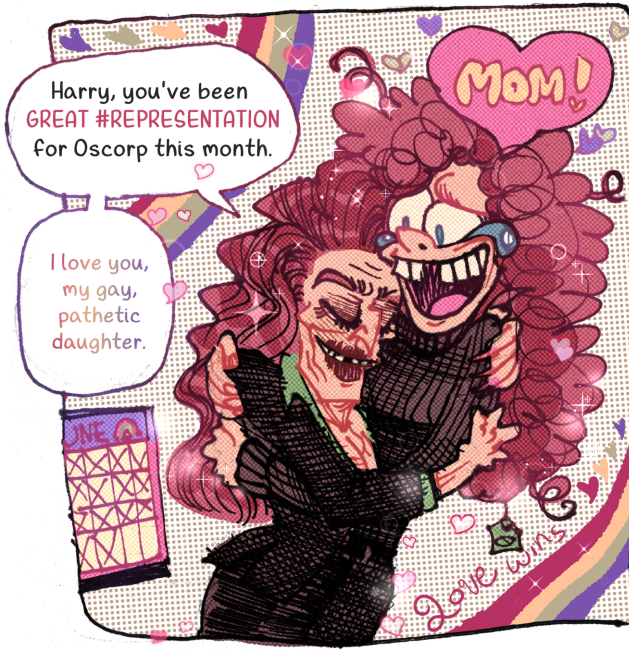

We only care about **HOMOS** once a year, but the military-industrial entertainment complex is **FOREVER**! There's no ethical consumption under capitalism, so just **GIVE UP** and **GIVE IN** to the capitalist fandom that ties **CONSUMERism** to **IDENTITY**!

"JUST GORLY Thingz" is a lesbian fujoshi web comic, chronicling Liv's mundane slice of married life. Living as a fujoshi, yumejoshi, and himejoshi... she does it all!

Our protagonist, Liv is a BL (yaoi) author. Meaning she writes gay comics depicting man-on-man relationships.

Sometimes Liv is married to another gorl Scout, Sophie, the character of which belongs to my wife Shane. On other occasions, Liv is also married to an old spy, Basile.

There is no schedule for this comic. I draw these characters whenever I have an idea.

In Japan it's a jokey stereotype that fujoshi tend to be lesbians (since they're unattractive to men, they MUST find solace in each other!). I think it's pretty cool when girls who like girls write about dudes who like dudes. And I love fujo4fujo relationships. So I made this comic. Enjoy!
